Click Energy Launches “Click Early” energy plan

Click Energy are pleased to announce the launch of a new energy plan called *Click Early*. *Click Early* has the same every day low rates as *Click Easy* with the added bonus of a **9% discount** off your next bill when you pay by Direct Debit. This means that you'll be billed \$100 in advance each month, and the balance will be invoiced as soon as we get an actual meter reading (the frequency of the actual meter read will depend on whether you have a smart meter installed in your home).

Click Early also has the Heat Shield i.e., an additional 5% discount (for Victorian residents) once you have used more than 500 kWh of peak energy (approximately \$100) in any month – so you save more when the going gets either hot or cold!

For more information about *Click Early*, visit www.clickenergy.com.au/click-early. For existing customers who want to compare and/or change their existing plan to *Click Early*, visit www.clickenergy.com.au/change-plans.

About Click

Choosing an electricity company should be easy.

Click Energy started supplying electricity in Victoria in 2006 and entered the QLD market in May 2010. In this time, we've been one of the cheapest electricity retailers in the market – and we plan to stay that way.

As an online electricity company, we don't have the same overheads as other energy companies. With our customer base continually growing, we can achieve economies of scale, which translates to real savings in our operating model. The benefits of this model allow us to absorb industry cost rises – and in turn share our savings with our customers.

And we do.

Click is Australian owned and operated with offices in Melbourne and Brisbane. Contrary to today's public perception, we want to do our bit to help people in managing the ever-increasing cost of living... and our mandate is to always provide cheap electricity to our customers. Click runs a 'no paper bill' operation, and won't charge for credit card payments. We don't have lock in contracts or exit fees, so if you do find we aren't the cheapest then we don't deserve your business!
